List any activities undertaken by members of the project team in the last week in the table above. These can include things done as a group, but should be broken down for each individual team member.

Effort should be estimated in terms of hours of time taken (e.g., 1.5 hours, 3 hours, .5 hours, etc.)

### **Tasks for Next Week**

Member	Task	Description
Jordan	Documentation/UI setup	Cont. code documentation and help with creating views
Jayden	Documentation/UI setup	Cont. code documentation and help with creating views
Anna	Boiler-Plate UI Using Django	Continue To Learn Django with Specific Goal of Boiler-Plating Redundant Parts of Website
Wyly	Setting up Test RequestFactory	Setting up a RequestFactory for the purpose of running black box unit testing

List any assigned tasks for each team member for the next week. Every team member should have at least one individual assigned task, but you may also list items that are collectively assigned to the entire group (such as team meetings).

For the next weekly report, you can copy these items into the activities, accomplishments, and project effort table above and add status updates and information for expended effort.
